MYRTLE DISTILLATE 10CL

MYRTLE DISTILLATE
The Myrtle Spiritus Alter Distillate, with a crystalline and transparent color, already highlights on the nose the characteristic essence of wild myrtle, a symbolic plant of our land, Sardinia, accompanied by balsamic and toasted notes which together give rise to a sinuous harmony. It develops delicately, remaining pleasantly insistent, and then spreads to the taste with a definite dry sensation, immediately balanced by the softness.
Gradation 42% vol CL.10

GRAPPA DI CANNONAU BARRICATA 50CL

GRAPPA DI CANNONAU REFINED IN WOOD
Our Grappa di Cannonau is the essence of a careful selection of pomace from a vine that has become the symbol of the entire viticultural and oenological sector of Sardinia. Through our discontinuous artisan distillation plant, with bain-marie heating, we are able to extract all the richness that this raw material can offer, without attacking the compounds present inside them, obtaining
thus a grappa with an excellent olfactory and gustatory finesse.
Then follows a brief stop in small oak barrels which gives the product its characteristic color, and enriches it at an organoleptic level by introducing spicy and vanilla notes that bind to the typical hints of the distillate, completing and enhancing the sensations of softness and balance.

GRAPPA DI CANNONAU 50CL

GRAPPA OF CANNONAU
Our Grappa di Cannonau is the essence of a careful selection of pomace from a vine that has become the symbol of the entire viticultural and oenological sector of Sardinia. Through our discontinuous artisan distillation plant, with bain-marie heating, we are able to extract all the richness that this raw material can offer, without attacking the compounds present inside.
We thus obtain a grappa with an excellent olfactory finesse that highlights marked floral notes that immediately blend with the characteristic vegetal and herbaceous sensations. The taste delights us with an entrance that stands out a very pleasant softness, suddenly balanced by a sapidity that generates freshness and makes room for floral and fruity scents that slowly evolve into toasted notes of cocoa and hazelnut, surrounded by a balanced sensation of sweetness .
